

# Colorado Indoor JOAD Rotational Buckle Series Guidelines

## Background:

The JOAD Clubs of Colorado have held an annual series of tournaments for many years. The tournament series has been commonly referred to as “the rotational” due to the cooperation between multiple Colorado JOAD Clubs hosting the events on a rotating basis. The tournament series is extremely popular among JOAD shooters in the state due to the familiarity, consistency, and level of competition. Each of these tournaments has grown to over 200 participants from around the Front Range and beyond. Over the span of many years the JOAD clubs have, through healthy dialogue, identified areas for improvement, and a need for consistency in these events. In order to provide a consistent and successful series for our archers, multiple members of Colorado JOAD have participated in a joint effort to put together a list of standards, processes and expectations for the rotational tournaments, which should enable a successful and enjoyable competition series.

## Purpose:

This document is intended to formalize the quality standards expected of rotational tournament organizers, provide a single source of information for the JOAD archery community, and establish a compliance process that ensures a continued level of quality at future events. These guidelines are meant to reflect agreements that were decided upon at the bi-annual coaches’ meetings. The standards and processes outlined in this document will need to be followed by all those who agree to be tournament organizers.

All standards listed in this document meet or exceed USA Archery JOAD standards and are in compliance with sanctioning rules and regulations. When agreeing to host an indoor rotational tournament, the Tournament Director (TD) is expressly agreeing to comply with the standards, processes and expectations listed in this document.

## **1. Host Selection Process:**

1. The hosts for each of the series tournaments will be chosen during the regularly scheduled JOAD club leaders meeting each summer.
2. A list of clubs, in a sequential order, has been created through a drawing process. At each year's meeting, the next club in line to host a tournament will have an opportunity to accept their hosting responsibilities or decline them.
3. In order to accept the hosting responsibilities, the following requirements must be met:
  - a. The club leader or club representative must be present at the meeting.
  - b. Clubs or Tournament Directors that have not previously hosted a tournament must be assisted by an experienced club.
4. If a club declines to host a tournament during the current season, the next club in line will be offered the event.
5. Clubs that decline to host are left on the list in the same spot as if they hosted an event and will not be given any additional priority the following year.
6. A club's next opportunity to host a tournament in this series will come up again through the sequential progression of the list.

## **2. Scheduling and Venue:**

1. Clubs are expected to finalize their tournament date within one week from the time of accepting to host a tournament.
2. Clubs who are hosting tournaments during the months of January, February and March may defer choosing their tournament dates until USA Archery publishes its Indoor Nationals schedule. Once the schedule is posted hosts will have 2 weeks to post final tournament dates. Hosting clubs are to communicate the final date(s) to the Colorado State JOAD website administrator for publication to the Colorado JOAD website and social media outlets.
3. The venue used for the tournament must meet the following minimum standards:
  - a. Must have target bales which are in good repair, installed at a height which are in line with USA Archery standards, and adequate lighting.
  - b. Ranges must have a marked shot-arrow line, shooting line and waiting lines which are in line with USA Archery standards.
  - c. Must have sufficient space to safely accommodate the archer's equipment.
  - d. Must have the capacity to safely house archers over a single weekend.
  - e. Adequate seating must be provided in the area designated for both archers and the coaches.
